

Mexico City, August 19th 2015

MRS. MARIE-PIERRE DESAIZE
Visual Artist

The Executive Committee of the International Association of Art, an NGO in official partnership with UNESCO, represented by its World President, invites all artists and writers of all disciplines, institutions and cultural centers, museums, galleries and universities, to participate in the Celebration of the World Art Day - in accordance with the Declaration of Guadalajara - April 15, date of birth of Leonardo Da Vinci.

This initiative proposed by the IAA- Turkish Committee was unanimously approved by the delegations of the Five Cultural Regions of UNESCO, attending the XVII General Assembly and Congress of the IAA- NGO in official partnership with UNESCO in Guadalajara, Jal. Mexico, on April 2011. Each year, this event becomes stronger, exemplified on 15 April 2014, by about 600 events organized in Mexico.

We are inviting Marie-Pierre Desaize to join this celebration on April 2016 and the next years. The idea is to organize a Grand Multidisciplinary Event to unify the efforts of all participants, each of these events being identified as one in the framework of the celebrations of the WAD.

We are waiting for your kind reply and we send you our warmest greetings.

Kind regards.

Rosa Maria BURILLO VELASCO
